Dear Sirs,

*Telecommunications Chamber of Ukraine Association* is a non-governmental organization established to develop pay television area in Ukraine.

We strive to develop the principles set forth in the documents of the Council of Europe and the European Convention on Transfrontier Television (especially Article 7) with regard to protection of minors in the course of service provision and adhere to contemporary European traditions of solving socially important issues through self-regulation at the national level.

We would like to express our deepest respect to activities of the Commissariaat voor de Media as an independent media regulator of the Kingdom of the Netherlands and ask to provide the information on XXL and Playboy TV programs, which is planned to be rebroadcasted by members of our association.

We would appreciate your acknowledgment of available license for these programs and their compliance with the provisions of the European Convention on Transfrontier Television.
